

Jan. 16, 1970 - Tues.

Dear Vicki and Jim,

I finally got the electric frying pan taken care of and am sending you the check for it. I paid Ruth for it and I will give it to Gail and Gregg when they get married in June.

I am not going to drive to Corvallis this next week with Aunt Stella as we had sort of talked of because Dad and I will drive down some week end soon instead.

I went to the Swedish class last night but everyone else had forgotten about also, so we are just going to review for two weeks. The class has dwindled down to fifteen instead of the usual thirty.

Mary and Mike are in Olympia now and have rented an apartment there.

The office got part of the road job in Alaska so maybe I will get up there next.

There was a little snow
on the ground this morning
but it is getting washed
away fast.

Everyone got their notes
from you and you
must be glad that is
taken care of.

More later.

Love,
Mom
